

Google Sheets: The Comprehensive Masterclass by Leila Gharani

This is the central file where you can access both the **START** files as well as the **SOLUTION** Files.

Make sure you are logged in to your Google Account. When you click on a link, Google will create a copy of the file for you.

Use the START file to follow along with me. If you'd like to take a look at the completed file, check out the SOLUTION File.

Master Google Sheets	Start File	Solution File
