

Filter by IP Range and Address Type

1. Match by IP Range

Match: `-m iprange --src-range ip_start-ip_end`
`-m iprange --dst-range ip_start-ip_end`

Example:

```
iptables -A INPUT -m iprange --src-range 10.0.0.10-10.0.0.29 -p tcp --dport 25 -j DROP
```

2. Match by Address Type

Match: `-m addrtype --src-type UNICAST,MULTICAST,BROADCAST`
`-m addrtype --dst-type UNICAST,MULTICAST,BROADCAST`

Example: `iptables -A OUTPUT -m addrtype --dst-type MULTICAST -j DROP`
