

## **Section 2 - Introduction To Your Success**

### **Lecture 3: Important Notice**

All recommended links and/or graphics can easily be found in PDF format for that Lecture. However, Not all lectures will have external links or graphics. Therefore, if a lecture has No PDF, then that lecture had No recommended links or graphics for it.

All of the external links found inside this course are Extremely Relevant to Each Lecture that has them. With that being said, some of the external links you will obviously need to sign up to access their services. Many of which offer free trials, but some are paid. I felt it prudent to explain this to you upfront, so things are Crystal clear between us. There are No affiliate links involved inside the Main course material.

However, I will disclose here that there will be 1 affiliate link Only found in my Bonus section at the very end of the Main course and the Link will Always be Marked as (affiliate next to the Link)! The small fee that is paid to me will Always go towards my Favorite charities such as Feeding the Homeless children and seniors Worldwide! All of These companies are Very Relevant in Helping You My Student Succeed in this type of business.

**I've Included a Table Of Contents for you to Quickly Find and Locate a Topic You Wish To Refresh Your Memory as well, since this course is Quite Extensive and Constantly Growing. That's all... I'll See you in the next lecture.**
